

BCS 100 INTRODUCTION TO THE CIRCUMPOLAR NORTH

ACKNOWLEDGMENTS

The University of the Arctic Office of Undergraduate Studies has taken a collaborative approach to the development of this course. The Academic Lead edited the writing of module authors across the circumpolar north, and an international Core Courses Revision Team of academics and indigenous people peer reviewed the curriculum. The University of the Arctic provided project management, and media development and instructional design were provided from the University of Saskatchewan and Athabasca University. Foreign Affairs and International Trade Canada, the Department of Indian and Northern Affairs Canada, and the Technology Enhanced Learning Program (TEL) from the Ministry of Advanced Education, Employment and Labour, Province of Saskatchewan, Canada provided funding for course development. The University of the Arctic and member institutions gratefully acknowledge the contributions of the following in producing this course:

Academic Lead			
	Hayley Hesselrn	University of the Arctic (UArctic), Office of Undergraduate Studies	Saskatoon, Canada
